

CARE ABOUT QUALITY

success starts **early.**

FIND THE BEST FOR YOUR CHILD

LEARN
MORE!

Greatstarttoquality.org makes it easy for you to identify quality child care and preschool, helping you get the best for your child and the most for your money.

A 5 Star rating system is in place to help you make a good choice. Always ask, "How many Stars do you have?" You can award your own "Stars" based on your child's happiness when you visit the site.

State quality standards for care are based on safety, professionalism and early learning.

Once your child starts preschool, focus on attendance. Good attendance habits start in preschool, and attendance in kindergarten is a big factor in long-term school success.
