

# EARLY INTERVENTION

success  
starts **early.**

## DON'T WORRY, BUT DON'T WAIT

---

“Is my child’s development on track?”

“What if my toddler isn’t talking yet?”

“What if my child still isn’t walking?”

---

Should you be concerned? Perhaps.

If you are concerned, call right away.

If your child is on track, you’ll be reassured.

If your child needs assistance, you’ll find out now,  
when it’s the best time to help!

**CALL  
TODAY!**

**IF YOU’RE NOT SURE, MAKE THE CALL.**
